Middle School: _____ Phone Number: _____

You will notice on your option sheets that some decisions have already been made for you depending on your grade level. We schedule on a yearlong basis to ensure that you will be on track to successfully graduate from Nathan Hale with a rigorous, relevant educational experience. When you choose a course you are signaling not only your interest but also your commitment to complete that course to the best of your ability.

1. See reverse side for math selection directions.
2. Select two elective classes for each semester. Any electives you choose will satisfy graduations requirements.
3. Choose four alternate classes, as this increases your chances of getting a full schedule with the classes of your choosing. These need to be **four different courses**, not your first choices rearranged.
4. The way courses are listed below does not necessarily indicate the order or semester of courses.
5. NHHS Course Catalog is on-line at nathanhalehs.seattleschools.org
6. Not all courses in the Course Catalog are offered each semester. The number of students who select that course, teacher availability, and budget constraints determine courses offered during the year.
