9th Grade Course Option Sheet

Nathan Hale High School

Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

Middle School: _____ Phone Number: _____

You will notice on your option sheets that some decisions have already been made for you depending on your grade level. We schedule on a yearlong basis to ensure that you will be on track to successfully graduate from Nathan Hale with a rigorous, relevant educational experience. When you choose a course, you are signaling not only your interest but also your commitment to complete that course to the best of your ability.

1. See reverse side for math selection directions.
2. Select two elective classes for each semester. Any electives you choose will satisfy graduation requirements.
3. Choose four alternate classes, as this increases your chances of getting a full schedule with the classes of your choosing. These need to be **four different courses**, not your first choices rearranged.
4. The way the courses are listed below does not necessarily indicate the order or semester of courses.
5. NHHS Course Catalog is online at <https://halehs.seattleschools.org/services/forms>
6. Not all courses in the Course Catalog are offered each semester. The number of students who select that course, teacher availability, and budget constraints determine courses offered during the year.

Forms may be emailed to registrar, Renee Jackson (rjjackson@seattleschools.org), or returned to Nathan Hale by mail, Attention: Registrar.
